

## *Social Membership*

Mickelson National Golf Club is designed as a complementary resource to enhance the quality of life of Harmony residents. As such, one of the most exciting opportunities that unites Mickelson National Golf Club and the Harmony residential community is the Social Membership component.

Each Harmony residence will be given a Social Membership at a modest fee paid through the Owners Association of Harmony. As per agreements held between Windmill Golf Group and the Owner's Association of Harmony, \$15/month per residence (to be adjusted every five years with the Consumer Price Index) will be paid to Windmill Golf Group. Transfer fees payable to the Owners Association of Harmony upon the resale of a Harmony property to a second or future owner will also cover transfer of the social membership.

Harmony residents will enjoy:

- An initial complimentary round of golf for four, presented upon closing of (initial owner only) property purchase at Harmony.
- Four rounds per year at Mickelson National Golf Club including guests for a reduced fee, when space permits
- Priority access to purchase a Mickelson National Golf Club Premiere Membership if membership space is available, or priority placement on a waitlist for memberships
- Unlimited additional rounds at select Windmill Golf Group properties at special resident rates
- Access to Mickelson National clubhouse, including restaurants, other dining facilities and access to banquet facilities for event bookings
- Invitation to all Mickelson National Golf Club social events
- Family-oriented events for Harmony residents only
- On-account charging privileges
- Unlimited driving range and practice facility access at discounted rates
- Additional benefits as the Owners Association of Harmony and Windmill Golf Group mutually agree upon from time to time
